On February 10, 2023, a Gustavus community discussion was hosted by Public Health Nursing, providing information on resources in Southeast. This concept map illustrates a summary of the points of interest and areas of continued collaboration and community contribution.

COMMUNITY

HEALTH

SEARHC recruiting for full-time provider position at clinic

Elder Care:
Hospice/Home
Care purchased
by Bartlett.
Continue
updates at
community
level on these
changes/new
program
developments

Opioid Overdose Kits
(Project Gabe), wallmounted devices that
reverse opioid overdose (6
spread throughout
Gustavus). Install in central
locations and develop a
community map showing
where these are in Gustavus

Thinking about ways to share resource list with community on: elder care, mental health resources, assault and domestic violence,

primary care services in

Southeast

Interest in establishing a

community of volunteers

that can support

"prevention trainers"

program from within Gustavus

Increase advertising RE: resources and information about how to access help

Consider developing signs
@ dock/airport and
entrance points with
messaging about
community and resources

PUBLIC SAFETY

Increasing
advertising/signs: Work
with DOT about posting
→ information on road
between ferry/town to
slow down traffic

Engaging with seasonal employees at orientation to talk about expectations and community

GUSTAVUS
COMMUNITY IDEAS
& OPPORTUNITIES
FOR ENGAGEMENT
2023

Explore opportunities with school district that could offer remote counseling services for youth (school counselor/psychologist)

Developing other ideas to engage
youth outside of school activities

Adventure Club with Teens: camping/hiking and offering opportunity with mentorship and volunteerism

Partnership with school to offer education on healthy relationships/ health topics

TACO: Teen

Advisory Counsel

Organization

Parents as Educators
